SMS 50

Hollis "SMS" sidemount systems have been designed not just with cave divers in mind, but any sidemount diver. The new SMS50 is no exception. Built for sidemount only, this kit can be used in any environment from open water to overhead.

Includes an adjustable, one size fits most harness based on a minimalist design; also ideal for traveling side-mounters. Ready to dive out of the box (RTD). Shipping March 2012.
Specifications:

- Air Cell - 23 lbs Lift
- Rugged 1000 Denier Cordura
- Sidemount Only harness
- One size fits most
- System weight 5lbs
